MVNC MISSION

Serving those who serve

Our mission is to communicate, convene, and create resources that build the capacity of nonprofit agencies and the effectiveness of those who work and volunteer in them. We believe that stronger nonprofits help build a stronger community. Since 2015, we have provided over 7,000 training experiences to staff and volunteers from over 500 area nonprofits.

The MVNC is a valuable resource for our nonprofit community-especially those of us on a small budget! I'm so grateful that our team at TRI can continue to grow professionally without compromising our budget. ~ Stephanie Llacuna, Executive Director, Therapeutic Riding Institute

We are pleased to share some highlights of our work in 2024:

- Launched **MVNC OnSite**, a new program that brings our most popular professional development and teambuilding programs to nonprofits at their location, addressing their specific training needs.
- Launched **MVNC OnDemand**, our new e-learning platform with a 3-part workshop series specifically for nonprofit board members.
- Launched a new **Group Coaching** program giving Executive Directors access to a certified executive coach and the opportunity to discuss & create solutions for real-time challenges.
- Served a record 1,098 nonprofit professionals in 2024 through our Suite of Offerings workshops, leadership development programs, special networking events, and group training programs.
- Distributed 175 grant-funded scholarships for a myriad of training programs through the generosity of local foundation partners.

"MVNC has been pivotal in my career growth as a nonprofit leader. Over the last three years, I have grown from a Program Manager to an Executive Director. The training and tools that I have received through the Miami Valley Nonprofit Collaborative have been an invaluable resource in developing the skills necessary to effectively lead a nonprofit organization. Jenny and her Team at MVNC truly are a gift to the community, because they come alongside current and future impact professionals to bring about social change."

~ Darrico Murray, Executive Director of SAFE on Main

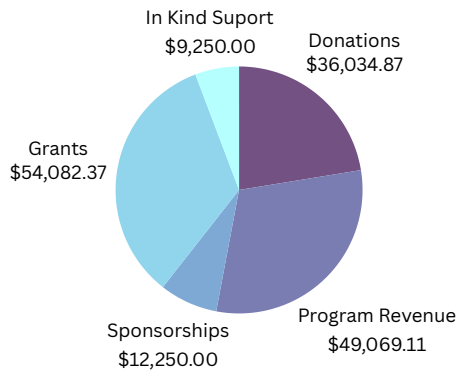

FINANCIALS

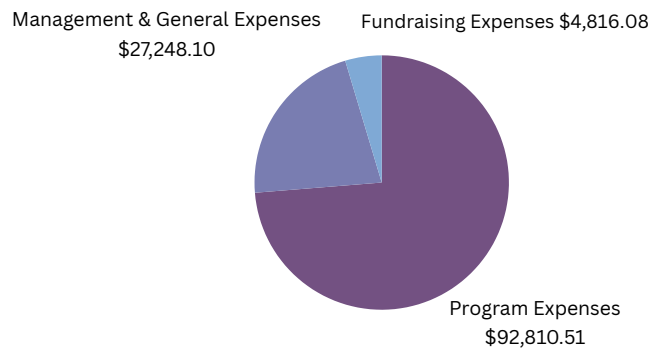

The following is an overview of MVNC's internally reviewed finances for the fiscal year ended December 31, 2024.

Total Support & Revenue: \$160,686.35

Total Expenses: \$125,895.38

End of Year Net: \$34,790.37

Net Assets without donor restrictions: \$112,998.56

Our agency had been looking for a quality training program to help our supervisors elevate their performance. The Leadership training provided by Jenny (Warner) at the Miami Valley Nonprofit Collaborative brought us just that. It was informative, interactive, and beneficial even for our most seasoned supervisor. We look forward to more training and development with the Collaborative. ~ Lori Singer, Resident Home Association
